Attn: Scott Robinson, Robinson Real Estate

We have worked with Scott Robinson since 1997 when he helped us purchase our first commercial property. Scott closed our deal, which was complicated by environmental issues, and was always ahead of what needed to be done. He has inked most of the deals for our tenants ever since and his level of service is without peer. We are very pleased with this property: a 27,500 sq. ft. industrial space on well over an acre of land in the heart of the Richmond R&D area. It has been a great investment and will give us retirement income for years to come.

What I can say about Scott and his style could be long and elegant but this is much more fitting: you want Robinson on your team! He's the velvet sledgehammer. He's on point, without the BS, and he is all about the details. He knows when to push, and he knows when to listen: invaluable skills in this trade.

Highly recommended!
